DEPT. OF TRANSPORTATION
DOCKETS

Hello Mrs. Marlene Livack

03 APR -3 AM 9:58

The reasons why granting ours request would be in the public interest;

1. The granting ours request will allow the company to carry out transportation of passengers under the former schedule not canceling flights

that will allow avoiding causing of inconveniences to passengers.

2. It will allow the company to leave Aeroflot volume of transportations of passengers at a former level and to avoid significant financial losses.

The reasons why granting the exemption would not adversely affect safety, or

how the exemption would provide a level of safety at least equal to that provided by the rule from which you seek the exemption;

1. Today all aircrafts of Aeroflot are modified on Phase 1, that allows preventing the non-authorized access to the flightdeck.

2. All flights are supervised by services of aviation security of Aeroflot and the airport of the Sheremetyevo. Are undertaken a complex of additional control measures on prevention of terrorist attacks.

Today Aeroflot has executed completion by 4 aircrafts. The equipment for installation on all aircrafts is received. 3 planes are in work now. There is a schedule of completion performance for all aircrafts of Aeroflot.

Requested time is necessary for completion performance of the program with the minimal financial losses and in public interests.

I shall be grateful, if you will recommend to me, what further action you would like, that I took in this matter.

Best Regards!
Mikhail
